RULES AND REGULATIONS

General Description Of Services

- A. These services enable customers to place long distance telephone calls within the State of South Carolina. Unless otherwise expressly stated, all service descriptions and rates apply only to 1+ dialed plan rates, made from presubscribed lines. The rates may not apply to calling card calls, collect, third number billed or other billing methods, unless expressly so stated.
- B. Hearing or Speech Impaired Persons Discount

Unless otherwise specified, a rate reduction will apply on all calls within the state, originating from a certified hearing or speech impaired customer's residential line. The rate reduction will be the application of a 40% discount over the established long distance rates in effect.

- C. A Payphone Surcharge will apply to calls that originate from any payphone. Charges appear in the Operator Services section in this Tariff, except where otherwise noted.
- D. Directory Assistance Charges appear in the Operator Services section in this Tariff, except where otherwise noted.
- E. For rates and charges applicable to Operator Assisted services refer to the Operator Services section in this Tariff.
- F. The Company provides discounted rates to employees, pensioners, officers, directors or board members and employees, pensioners, officers, directors or board members of affiliates of the Company who subscribe to the Company's services.
- G. A Duplicate Bill Charge may apply for a reprint of a monthly bill that is greater than six months old. Charges appear in the Miscellaneous Charges and Surcharges section, following.

Payment Arrangements

A. Billing will be payable upon receipt. Amounts not paid within thirty (30) days after the invoice is rendered will be considered past due. Interest at the rate of one and one-half percent (1.50%) per month (unless a lower rate is prescribed by law, in which event at the highest rate allowed by law) may accrue upon any unpaid amount commencing five (5) days after the payment is past due.

RULES AND REGULATIONS

Payment Arrangements (Cont'd)

(N)

B. In the event a business customer makes a one-time payment using a credit card or an electronic funds transfer, a Convenience Fee Charge of \$4.00 may apply. Payments for a deposit or advance payment to establish new service are excluded from the Convenience Fee Charge. This charge does not apply to business customers enrolled in automatic payment plans, customers who pay their bill by mail or who use their financial institution's bill payment service, customers with multiple accounts with the Company, customers with service under a contractual arrangement that stipulate that such payments would not be assessed a fee, and customers without a computer. This one-time charge will be added to the customer's next month CenturyLink bill.

Issue Date: November 5, 2012 Effective Date: December 7, 2012

Special Arrangements

The rates and charges quoted in this Tariff contemplate the use of standard arrangements, that is, the arrangement normally used by the Company to provide the type of service involved.

For special service arrangements to be provided by this Company, and not specifically covered in this Tariff, including but not limited to services, features, and combinations of services and features not normally offered or combined, monthly rates and the one-time charges, such as installation, nonrecurring and construction charges will apply based on the circumstances in each case.

These special equipment and service items will be provided whenever, in the judgment of the Company, there is a valid reason for providing the service requested. In such cases, the Company reserves the right to require an initial contract period longer than one (1) month at the same location.

The rates, terms and conditions for these Special Arrangements offerings will be established on an individual case basis.

Access Arbitrage (N)

A. For purposes of this provision:

- 1. "High Cost Minutes" are minutes of use that originate or terminate at numbers for which the Customer's switched exchange access per minute rate is equal to or exceeds \$0.0250.
- 2. The originating or terminating switched exchange access per minute rate charged to the Company will be the sum of the per minute charges imposed by the originating or terminating Local Exchange Carrier, plus the prorated portion of all other charges imposed by the originating or terminating Local Exchange Carrier for originating or terminating switched exchange access, expressed on a cost per minute basis.

Access Arbitrage (N)

A. For purposes of this provision (Cont'd)

- 3. Using any service provided by the Company in connection with Access Arbitrage is considered an abuse and is prohibited. Access Arbitrage is a scheme or device to profit by exploiting differences between the cost of originating or terminating access (as charged to interexchange) and the pricing of 1+ and 8XX long distance service provided by the Company. Access Arbitrage includes:
 - a. Using switching equipment or a call processing system (such as a prepaid card, calling card, or teleconferencing platform) to segregate calls and systematically route to the Company calls that are characterized by a greater discrepancy between the access cost and the price charged by the Company.
 - b. Using the Company's long distance telephone services (such as Qwest Total Advantage, Qwest Connect, Virtual Network Services (product), and IPLD) as a substitute for, or to avoid, originating or terminating switched exchange access obtained from local exchange providers, for the origination or termination of domestic calls originated over the network of another carrier (through 1+ access, special access, carrier access code dial around, or otherwise);
 - c. If the Company determines through an investigation that calls originate over the network of another interexchange carrier or were routed through a call processing system such that the percentage of High Cost minutes routed to the Company using the service is more than 11.4%.
 - d. Segregating calls within another carrier's network or a call processing system to systematically route calls to the Company where the access costs exceed the price of long distance service provided by the Company.
 - e. Transporting intrastate traffic into a different state in order to cause the traffic to be rated by the Company at a lower rate than would otherwise apply.

Access Arbitrage (N)

A. For purposes of this provision 3. (Cont'd)

- Artificially stimulating calling or other usage volumes to: (a) any number advertised or intended for accessing information programs and services, including but not limited to chat lines, Interactive Voice Response programs, and Internet Access dial up services(b) routing codes or international area or city codes reserved or used by the subject telecommunications administration for Interactive Voice Response programs; (c) special routing codes, telephone numbers, or locations for which the cost of call origination or termination that is higher than that incurred for originations or terminations to other parts of the same jurisdiction or locale therefore the customer benefits because the rate charged to the customer is lower; or (d) telephone numbers or service arrangements where the party causing the artificial stimulation derivers revenues or other financial benefit from or is compensated based upon said calling or other usage volumes in a capacity other than as communications carrier, or if acting as a communications carrier, earns a surcharge or similar increment (or an entity with a common financial interest with the party stimulating the traffic earns a surcharge or similar increment) merely by virtue of the origination or termination of such calls. Such artificial stimulation may include, but is not limited to, use of electronic or other automatic means to generate such call volumes, or hiring of agents or contractors principally to make calls or otherwise generate usage to such numbers or types of services, but does not, without more, include advertising or promotion of Interactive Voice Response products or similar programming to stimulate calling by third parties with no financial or other beneficial interest in the service or called program.
- g. Using service provided by the Company to generate calls with the intent or effect of creating a disparity (across any Customer account) between the rate of long distance service provided by the Company and the charge to the Company for originating and/or terminating by local access providers.

Access Arbitrage (N)

A. For purposes of this provision

- 3. (Cont'd)
 - h. Sending calls identified as Mobile Terminated Calls, or as another termination type to which a surcharge or other differential rate for termination applies, when the called station or termination point is not in fact mobile Terminated, or the termination type as to which the surcharge or other differential rates applies

B. Access Arbitrage Fee

- 1. When the Company determines that the Customer has violated this provision, the Access Arbitrage Fee will apply. In addition, the Company may immediately restrict, suspend or discontinue Customer's use of any service used in connection with Access Arbitrage upon notice of such violation to Customer. Further, the Company may prevent conversion to another the Company service arrangement of any facility used to provide a service in violation of this provision.
- 2. The Access Arbitrage Fee will be assessed in addition to the Customers current charge for each minute of use of long distance service for High Cost Calls in excess of 20%.

1. One Plus Services

(M)

a. Choice One Plus Service

Calls placed pursuant to this option are billed at a base rate of \$.175 per minute. Volume discounts are available as follows: 2.5% for monthly usage levels of \$200.00; 5% for monthly usage levels of \$1000.00; and 7.5% for monthly usage levels of \$2500.00 A customer's eligibility for a volume discount is determined by the calculating the customer's total undiscounted monthly usage charges for other carrier services including One Plus, Inbound 800 and SilverCard Travel Service calls between intrastate, interstate, international points.

Customers who subscribe to the service for a Minimum Service Period of one year receive a \$.005 reduction off the base rate; those who subscribe to the service for two years receive a \$.01 reduction off the base rate.

Customers who commit to a Minimum Monthly Usage level of \$200.00 per month can receive a rate reduction of \$.005 off the base rate; \$.01 off the base rate for a commitment of \$1000.00 per month; and, \$.015 off the base rate for a commitment of \$2500.00 per month. The Customer will be responsible for a Minimum Monthly Usage Charge equal to 60% of the Minimum Monthly Usage level.

Customers who subscribe to the service for one year <u>and</u> commit to a Minimum Monthly Usage level of \$200.00 per month can receive a reduction of \$.01 off the base rate; \$.015 off the base rate for a commitment of \$1000.00 per month; and, \$.02 off the base rate for a commitment of \$2500.00 per month. Customers who subscribe to the service for two years receive an additional \$.005 reduction off the one year subscription rate for the Minimum Monthly Usage level selected. The volume discounts set forth above are not applicable. In addition, the Customer will be responsible for a Minimum Monthly Usage Charge equal to 60% of the volume commitment.

Customers who cancel service prior to the expiration of the Minimum Service Period will be subject to a forfeiture of \$200.00 per month or 50% of the Minimum Monthly Usage Charge for each remaining on the contract term, whichever is less.

4. <u>Travel Services</u>

a. SilverCard Travel Service

SilverCard Travel Service is a service available to all Customers and authorized users for use at locations other than the Customer's premises. Access to the company's network is available through 1-800 and 950 access codes; the caller will then be prompted to dial the telephone number associated with the called station and an authorization code in order to complete a call.

SilverCard Travel Service calls are billed at a rate of \$.25 per minute. A per call charge of \$.25 is also applicable. Calls placed pursuant to this option are included in the total monthly usage for purposes of determining a Customer's volume discount, however, SilverCard Travel Service calls are not eligible for a volume discount.

21. QWEST® UNLIMITED

(T)

A. Description

(N)

The Qwest® Unlimited calling plan will allow a residential customer to complete direct dialed voice calls between any two points within the state for a flat rated monthly charge which is billed per month without regard to usage.

B. Terms and Conditions

- 1. This plan is provisioned in conjunction with the interstate Qwest® Unlimited calling plan under which Qwest provides interstate long distance usage. All other rates, terms and conditions, including any applicable discounts offered through the Qwest Rates and Services Schedule (RSS), and customer eligibility under this plan, are specified in the Owest RSS.
- 2. The Qwest® Unlimited calling plan is only available on an intrastate basis when the customer has subscribed to the interstate Qwest® Unlimited calling plan for residential customers.
- 3. Calls made using the Qwest® Unlimited calling plan are billed in full minute increments.
- 4. The monthly recurring charge will be billed, in advance, and will apply beginning with customer's first invoice after ordering the Qwest® Unlimited calling plan. The monthly fee provides unlimited direct dialed in-state long distance calling each month. The monthly recurring charge set forth below will apply for this intrastate plan. This charge is in addition to the monthly recurring charge applicable to the corollary interstate Qwest® Unlimited calling plan.
- 5. Certain restrictions apply. The Qwest® Unlimited calling plan may not be used in conjunction with the following: auto dialers, prolonged long distance Internet access connections, call center applications including, but not limited to, auto dialers, PBX trunks, ground start line or trunks, ISDN services, foreign exchange services, public telephone services, public access smart-pay phones, analog to digital conversion digital PBX services, WATS services, PBX services, non-square electronic key telephone systems, hybrid key telephone systems, predictive calling/dialing systems, automatic outbound dialing systems, any type of automatic call distribution system, or the functional equivalent of any such system listed above. The Company may monitor customer's usage to ensure that customer's use of the Qwest® Unlimited calling plan is consistent with the applicable restrictions. If the Company determines customer is in violation of above listed restrictions, customer shall forfeit eligibility for rates under this plan and will be moved to a usage sensitive plan of customer's choice.

48. Optimum Rate Program

This program offers an optimum credit to Customers who subscribe to Products 411, 413, 417, 419, 425, 426, 433, or 434 (qualifying service). The optimum credit is determined by rerating Direct Dial, Dial Up, and Calling Card calls placed from the US Mainland to interstate, intrastate, and international locations (qualifying calls) as described below.

Under this program, qualifying calls placed during the credit period are rerated in accordance with the following rate schedules. An adjusted balance will then be determined for each rate schedule. To ascertain the amount of the optimum credit, the lowest adjusted balance is deducted from the amount invoiced to the Customer for qualifying calls during the credit period. The optimum credit will be issued to the Customer on a subsequent invoice for the qualifying service. In order to qualify for an optimum credit, Customers must remain on the qualifying service for at least one month proceeding the credit period. Customers who cancel service prior to the issuance of the optimum credit for the credit period will forfeit any credits determined under the Optimum Rate Program. The credit period for Customers whose average total monthly usage charges for qualifying calls is greater \$15.00 per month is ninety (90) days. Customers whose average total monthly usage charges for qualifying calls is equal to or less than \$15.00 per month are subject to a 180 day credit period.

For rerating purposes, all calls will be measured in full minute increments. Partial minutes are rounded to the next full minute. Calls which begin in one rate period and end in another will be rerated based upon the time of day for each portion of the call.

60. Q.guaranteed

Q.guaranteed will no longer be available to new customers as of November 30, 2007. Current Q.guaranteed customers can continue to receive services under their existing contract and make any changes as agreed to by customer and Qwest.

Effective January 17, 2014, CenturyLink's QCC Frame Relay and ATM Services will no longer accept new orders from existing customers (except to the extent permitted by contract).

- Customers with a contract that expires prior to December 15, 2014 may retain their QCC Frame Relay or ATM Services covered by that contract on a month-to-month basis until December 15, 2014.
- Customers with a contract that expires after December 15, 2014 may retain their QCC Frame Relay or ATM Services covered by that contract until the expiration of that contract.

General Description

Q.guaranteed is a voice and data service offering flat rates based on term and minimum usage commitments. Q.guaranteed is designed for new businesses with monthly revenue between \$100 to \$100,000. It is available on a month-to-month basis, one year, two year, or three year term commitment and the terms have thirteen (13) commitment levels.

Billing and Rounding

Rates are quoted in full minutes. Call rounding is six (6) second initial and one (1) second incremental. For customers who sign up after November 6, 2000 call rounding will be initial eighteen (18) seconds and six (6) second incremental.

Directory Assistance

Directory Assistance is available for all Q.guaranteed customers.

Minimums

There is a minimum monthly usage commitment per month (Monthly Commitment) for all customers. Qwest will count the customer's total Q.guaranteed service usage set forth in the customer's term commitment; less taxes, monthly recurring charges, and non-recurring charges to determine whether a customer satisfies the Monthly Commitment requirement. If, during any month the customer's invoiced usage charges are less than the required Monthly Commitment, the customer will be billed and required to pay the difference between the Monthly Commitment and the actual amount billed. For Month-to-Month customers, this requirement will be applied beginning with the customer's first full month's invoice. For those customers who sign a one, two, or three year term commitment, this requirement will be applied with their fourth full month's invoice.

(M)

(M) Material moved to Sheet 51.

Issue Date: November 5, 2013 Effective Date: January 17, 2014

Renewals

The customer or Qwest may terminate the term commitment at the end of the initial term by providing not less than thirty (30) days written notice. The customer's notice of termination must be sent to: Qwest, Attention: Cancellation Notification, Department 0270/1021, 4650 Lakehurst Court, Dublin, OH 43016. If written notification is not submitted to Qwest at least thirty (30) days prior to the expiration of the term commitment, and Qwest has not given notice of termination to the customer, this term commitment shall automatically renew based on the same terms and conditions, at the same monthly commitment level and initial term, and at the tariffed rates in effect at the time of such renewal.

(M)

(M)

Early Termination Charges

Customers who terminate their term commitment prior to the expiration date and do not provide written notification to Qwest, will be billed and required to pay termination charges equal to the number of months remaining in the term multiplied by the monthly commitment level.

Customers who terminate their term commitment prior to the expiration date and do provide written notification to Qwest, will be responsible for the following charges, payable upon receipt:

1 Year Contract

Early termination charges for customers who terminate service prior to the expiration of their one-year term are calculated by taking the months remaining on the contract and multiplying by the monthly commitment level.

2 Year Contract

If the contract is in the first 12 months, the Customer will be responsible to Qwest for:

The remaining number of months of the first 12 months multiplied by the commitment level plus 35% of months remaining in the second 12 months.

Guarantees

Q.guaranteed customers are eligible to receive the following guarantees:

Rate Guarantee - Qwest guarantees that if tariffed usage rates increase or tariffed discounts decrease beyond the tariff in effect at the time the customer begins a term commitment, these usage rate increases or discount decreases will not be passed on to the customer during the length of the Customer's term. This guarantee does not apply to: (i) rates for Qwest international services; or, (ii) rate modifications instituted by Qwest in response to the actions of any regulatory agency, legislative body or court of competent jurisdiction.

Customer Satisfaction Guarantee - Except as set forth below, customers who sign a term agreement with Qwest and terminate service prior to the expiration of their term agreement will be held responsible for all early termination charges as set forth in the agreement.

New Customer Initial Ninety (90) Day Guarantee

For the purpose of this Section, "New Customer" is defined as any person or entity which has not utilized any Qwest service in the prior twelve (12) month period. After the date of first usage of a New Customer's Qwest service, and before the ninety-first (91st) day following such date of first usage, if the New Customer notifies Qwest that it is dissatisfied with Qwest's service for any reason and wishes to cancel its Qwest service, Qwest will:

- 1. Release the New Customer from liability for early termination charges as set forth in the agreement. New Customers will still be responsible for all charges for services utilized up to the termination date; and
- 2. Provide reimbursement for actual and applicable installation costs associated with switching it back to its previous long distance carrier. Qwest will credit New Customers utilizing switched access services an amount equal to the applicable Primary Interexchange Carrier (PIC) change charge actually incurred and paid by the New Customer up to a maximum of \$10.00 per line. Qwest will credit New Customers utilizing dedicated access services an amount equal to the applicable installation charges actually incurred and paid by the New Customer up to a maximum of \$200.00 per DS-0 line and a limit of 100 DS-0 lines. In order to qualify for this offering, the New Customer must, within sixty (60) days of sending written notice of termination to Qwest, submit invoices documenting the actual installation charges for which it seeks a credit.

Qwest's Customer Satisfaction Guarantee

Customers who have entered into a term agreement for Qwest service may terminate their agreement with Qwest prior to the expiration of the term without liability for early termination charges (except as set forth herein) if Qwest fails to provide billing and/or transmission services in accordance with industry standards within thirty (30) days after receipt of written notification from the customer specifying that an Qwest billing and/or transmission service deficiency exists and issuance of an Qwest trouble ticket. If the Customer terminates a term agreement because Qwest is unable to cure an Qwest billing and/or transmission service deficiency within thirty (30) days of receipt of the Customer's written notice and issuance of a trouble ticket, the customer will be entitled to receive:

1. A prorated portion of any tariffed discounts and/or credits that the customer would have been entitled to receive based on the portion of the term that has expired; and

Guarantees (Continued)

Toll Free Service Assurance Guarantee - If a Toll-Free line provided by Qwest to the Customer is subject to a "Service Disruption", Qwest will, within 15 minutes of the exact time of completion of the Confirmation Process, reroute traffic from the Affected Toll-Free Line to any working number: (i) terminating in forty-eight (48) contiguous United States "Domestic U.S."); and, (ii) which is provided by Qwest to the Customer. If Qwest fails to reroute such traffic within fifteen (15) minutes after completion of the Confirmation Process ("Toll-Free Line Outage"), Qwest will credit to the Customer's account an amount equivalent to the lesser of: (i) one hundred percent (100%) of the usage for the Affected Toll-Free Line for the entire month in which the Toll-Free Line Outage occurred; or, (ii) one hundred ten percent (110%) of the usage for the Affected Toll-Free Line in the month prior to the month in which the Toll-Free Line Outage occurs.

- "Service Disruption" is defined as a degradation in the performance of a toll-free line provided by Qwest to the Customer ("Affected Toll-Free Line") which completely disallows Qwest from terminating calls to such Affected Toll-Free Line.
- The "Confirmation Process" is defined as: (i) the Customer's telephonic notification to a Qwest Customer Service Representative of a Service Disruption and the furnishing by the Customer of certain information (including the Customer's name and address, the Customer's Qwest account number and the Affected Toll-Free Line, the service subscribed to by the Customer and the approximate time the Service Disruption began; and, (ii) acknowledgment from such Qwest Customer Service Representative that traffic to the Affected Toll-Free Line will, in accordance with the terms of this Guarantee, be rerouted within 15 minutes of the conclusion of the Customer's telephone call to Qwest.
- The credit will be applied within sixty (60) days of the Service Disruption. The credit will be calculated based on all calls to the Affected Toll-Free Line(s) and applied to the Customer's interstate usage.
- Qwest is guaranteeing only that calls will be rerouted within 15 minutes upon completion
 of the Confirmation Process, not that service will be restored to the main location in that
 time-frame. Qwest's only obligation under this Guarantee is to issue the appropriate credit
 as described above.

Guarantees (Continued)

Toll Free Service Assurance Guarantee (Continued)

- A maximum of five (5) affected toll free numbers per Customer, per occurrence will be covered under this Guarantee.
- The Customer is required to designate and provide to Qwest a working telephone number with enough capacity to handle the rerouted traffic. Qwest will not be responsible or liable for uncompleted calls due to problems with the working telephone number or insufficient capacity or number of lines at the working telephone number designated by the Customer.

The Toll-Free Service Assurance Guarantee shall not apply for the following:

- a Service Disruption is caused by the negligence, errors, or omission of the affected Customer or others authorized by the Customer to use the Customer's service;
- 2) a Service Disruption is caused due to the failure or malfunction of any power, equipment, service, or systems not provided directly by Qwest;
- a Service Disruption occurs during any period in which Qwest or its agents are not afforded access to the premises where access lines associated with the Affected Toll-Free Line is terminated; provided, however, that such access is needed to prevent Service Disruption;
- 4) a Service Disruption occurs during any period when the Customer has released the service to Qwest for maintenance or rearrangement purposes, or for the installation or de-installation of a Customer order;
- 5) a Service Disruption occurs during a period when the Customer elects not to release the service(s) for testing and/or repair and continues to use it on an impaired basis;

- 6) a Service Disruption occurs due to network busy conditions;
- 7) a Service Disruption non immediately/promptly reported to Qwest;
- 8) a Service Disruption is caused by the failure of an underlying local exchange carrier or third party carrier of local, switched and/or dedicated service that Qwest relies on to provide service to the Customer.
- 9) a Service Disruption is caused by the failure of the National SMS 800 database and/or system;
- 10) Qwest is not the Responsible Organization ("Resp Org") for the Affected Toll-Free Line;
- 11) The on-line portion in a multi-carrier situation;
- 12) The Customer is utilizing Qwest's Toll-Free Verified and Non-verified PAC, GeoRouting, or Menu Routing services;.
- a Service Disruption caused by the Customer's use of Qwest services in any unauthorized or unlawful manner; and/or,
- a Service Disruption is caused by or resulting from a *force majeure* event beyond the reasonable control of Qwest including, but not limited to, an act of God, government regulations, or national emergency.

Guarantees (Continued)

Performance Guarantees:

The following three performance guarantees are only available to those customers who commit to a monthly volume level of \$7,000 or greater:

Installation Guarantee - Qwest guarantees that it will install the customer's Q.guaranteed service, switched and/or dedicated, including frame relay, by the date promised to the customer, or the customer is entitled to receive a \$500 credit (if commitment level is between \$7,000 and \$20,000) or a \$1,000 credit (if commitment level is between \$35,000 and \$100,000). This credit will be applied on the customer's subsequent month's invoice.

Quarterly Account Review Guarantee - Qwest guarantees that the assigned Qwest account team will review all new Q.guaranteed customer's accounts on a quarterly basis for the entire length of the customer's term commitment.

All material on this page is new.

Guarantees (Continued)

Service Outage Resolution Guarantee - Qwest guarantees that it will restore any service outages the customer may incur on their end-to-end Q.guaranteed service within four (4) hours or less or the customer is entitled to receive a \$500 credit (if commitment level is between \$7,000 and \$20,000) or a \$1,000 credit (if commitment level is between \$35,000 and \$100,000). This credit will be applied on the customer's subsequent month's invoice. The Service Outage Resolution Guarantee shall not apply for the following reasons:

- 1. Interruptions caused by the negligence of the customer or others authorized by the customer to use the customer's service.
- 2. Interruptions due to failure of power, equipment, service, or systems not provided by Qwest.
- 3. Interruptions during any period in which Qwest or its agents are not afforded access to the premises where the access line is terminated.
- 4. During any period when the customer elects not to release the service(s) for testing and/or repair and continues to use it on an impaired basis.
- 5. Interruptions not immediately/promptly reported to Qwest.
- 6. Interruptions during any period when the customer or user has released service to Qwest for maintenance or rearrangement purpose, or for the installation of a customer service order.
- 7. Force majeure events beyond the reasonable control of Qwest including, but not limited to, acts of God, government regulation, national emergency, failure of power, system failure, or service not supplied by Qwest or the access provider.
- 8. Labor strikes.

All material on this page is new.

Guarantees (Continued)

The following three performance guarantees are available to all customers regardless of monthly volume commitment levels:

Network/Service Availability Guarantee - Qwest guarantees for all Basic Digital Service, Extended Digital Service, Terrestrial Digital Service, and High Speed Digital Service circuits that it will provide an average of 99.9% customer network availability and 99.85% end-to-end availability (when access is ordered by Qwest on behalf of the customer) per month for all Q.guaranteed customers or the customer is entitled to receive a credit equal to 10% of the customer's network port and PVC/CIR monthly recurring charges for that month. This credit will be applied on the customer's subsequent month's invoice and shall be in lieu of any service interruption or outage credit(s) that the customer might have been entitled to receive as set forth in this tariff. This credit is applicable on a per account basis per month and is based on the average availability across all of the customer's circuits throughout the given month. This guarantee shall not apply to @ccess service or Private Line Service.

Network availability is measured as the total number of minutes in a calendar month during which private line circuits are available to exchange data between two network end points, divided by the total number of minutes in a calendar month. For the purposes of this guarantee, a lapse in network availability is calculated commencing with the date on which the customer informs Qwest of service non-availability and ends on the date of service restoration. For purposes of this measurement, the private line circuit will be measured from Point of Presence to Point of Presence and will not include customer premise equipment or local access facilities.

No credit allowances will be made for:

- 1. Circuits provisioned within the last 30 days.
- 2. Interruptions caused by the negligence of the customer or others authorized by the customer to use the customer's service.
- 3. Interruptions due to failure of power, equipment, service, or systems not provided by Qwest.

All material on this page is new.

Network/Service Availability Guarantee (Continued)

- 4. Interruptions during any period in which Qwest or its agents are not afforded access to the premises where the access lines associated with the customer's service are terminated.
- 5. Interruptions during any period when the customer or user has released service to Qwest for maintenance or rearrangement purpose, or for the installation of a customer service order.
- 6. Interruptions during any period when the customer elects not to release the service(s) for testing and/or repair and continues to use it on an impaired basis.
- 7. Force majeure events beyond the reasonable control of Qwest including, but not limited to, acts of God, government regulation, national emergency, failure of power, system failure, or service not supplied by Qwest or the access provider.
- 8. Labor Štrikes.

End-to-end availability is measured as the total number of minutes in a calendar month during which private line circuits are available to exchange data between two network end points, divided by the total number of minutes in a calendar month. For the purposes of this guarantee, a lapse in network availability is calculated commencing with the date on which the Customer informs Qwest of service non-availability and ends on the date of service restoration. For purposes of this measure, the private line circuit will be measured from demarcation point to demarcation point, and will not include customer premise equipment.

<u>Calculation</u>: Monthly Network Availability Time (%) - 1- [Total minutes of network non-availability per month / (Total number of private line circuits x days in month x 24 hours x 60 minutes)].

Guarantees (Continued)

Frame Delivery - Qwest guarantees to achieve a Frame Delivery rate of 99.9% for CIR frames (end-to-end CIR packet delivery only applies to frame slot marked discard eligible). Qwest guarantees to achieve a Frame Delivery rate of 99% for non-CIR frames. If Qwest does not meet this guarantee, the Customer is entitled to a credit equal to 10% of the Customer's network port and PVC/CIR monthly recurring charges for that month.

<u>Definition</u>: Frame Delivery is the percentage of frames which are successfully delivered over the Qwest network, excluding frames which are not delivered due in whole or in part to factors unrelated to the Qwest network.

<u>Calculation</u>: Frame Delivery (Throughput) is measured as the percentage of frames presented to the Qwest network by the Customer versus those which are successfully delivered by the Qwest network. The percentage is based on Frame Delivery (Throughput) across the Customer's entire network, not on an individual location or PVC basis.

<u>Exclusions</u>: Frame Delivery (Throughput) measurements shall not include periods of non-availability resulting in whole or in part from one or more of the following causes:

- 1. Any act or omission causing interruptions by negligence on the part of the Customer, its contractors, any local access provider, or any other entity over which the Customer exercises control or has the right to exercise control.
- 2. Interruptions during any period in which Qwest or its agents are not afforded access to the premises where the access lines associated with the Customer's service are terminated.
- 3. Interruptions during any period when the Customer elects not to release the service(s) for testing and/or repair and continues to use it on an impaired basis.
- 4. Any circuits provisioned within the last 30 days.

Exclusions (Continued)

- 5. Scheduled maintenance interruptions and outages.
- 6. Labor strikes.
- 7. Force majeure events beyond the reasonable control of Qwest including, but not limited to, acts of God, government regulation, national emergency, failure of power, system failure, or service not supplied by Qwest or the access provider.
- 8. Frames dropped at infrastructure egress due to improper customer specifications of customer port speeds.
- 9. Interruptions due to failure of power, equipment, service, or systems not provided by Qwest.

Network Transit Delay - Qwest guarantees to achieve a one-way Network Transit Delay within the continental United States for 100 byte frames at 35 milliseconds or less, 500 byte frames at 95 milliseconds or less, and 1,600 byte frames at 250 milliseconds or less (including protocol overhead). Network Transit Delay (Latency) measures only delay on the Qwest network, external factors which may cause delay (e.g., access serialization, access link congestion) are excluded from the measurement. If Qwest does not meet this guarantee, the customer is entitled to a credit equal to 10% of the customer's network port and PVC/CIR monthly recurring charges for that month.

<u>Definition</u>: Network Transit Delay (Latency) measures one-way delay between the origination and destination infrastructure ports. It is defined as the period of time commencing with transmission of the last bit of a packet from the origination infrastructure.

Guarantees (Continued)

Network Transit Delay (Continued)

<u>Exclusions</u>: Network Transit Delay (Latency) measurements shall not include periods of non-availability resulting in whole or in part from one or more of the following causes:

- 1. Any act or omission causing interruptions by negligence on the part of the customer, its contractors, any local access provider, or any other entity over which the customer exercises control or has the right to exercise control.
- 2. Interruptions during any period in which Qwest or its agents are not afforded access to the premises where the access lines associated with the customer's service are terminated.

<u>Credit Limitation</u>: If the customer experiences network or service performance for Qwest FramePlus Frame Relay at levels below those stated herein for two or more elements (Network Availability, Frame Delivery, and Network Transit Delay) in the same month, the customer is entitled to receive credits pursuant to one of the applicable credit sections only. In addition, Qwest will not issue credits pursuant to the Service Level Guarantee for more than six months in any twelve month period.

<u>Availability</u>: Tariffed Qwest FramePlus Frame Relay service elements may not be available at or between all service points.

Plus Program

If a term customer's usage charges meet or exceed any other higher monthly commitment level, the customer will be credited the difference between the rates at the level/term it committed to and the rates it would have received if it has committed to the second commitment level above their monthly volume commitment level with the same term length. The credit will be applied in the actual month in which the usage occurred. Month-to-Month customers are not eligible for the Plus Program.

Q.guaranteed - WorldCard

Q.guaranteed WorldCard is a flat, per minute rated calling card service, with a per call surcharge. Rates are quoted in full minutes. Call rounding is six (6) second initial and six (6) second increments.

Enhanced Toll Free Features

Q.guaranteed offers Enhanced Toll Free Features for all Q.guaranteed customers. If the customer signs a term commitment, the customer is eligible to receive selected features at a 'packaged' rate or the customer can subscribe to features individually.

All material on this page is new.

Q.guaranteed - FramePlus

FramePlus frame relay service is a public, fast-packet data network offering. Customers access FramePlus at Qwest's closest Points of Presence (POPs). Within the POP, Qwest designs and installs Network Node connections on the FramePlus network. A Network Node is comprised of a Port Connection and Permanent Virtual Circuits (PVCs) that define the connections between customers' ports. Qwest dynamically allocates capacity across these logically assigned PVCs, supporting multiple customer data networks.

FramePlus supports a variety of simultaneous data applications over a single integrated facility. It is optimal for applications requiring transmission between multiple locations that need high speed connectivity with low latency or delay.

61. <u>Q.biz</u>

Q.biz will no longer be available to new customers as of November 30, 2007. Current Q.biz customers can continue to receive services under their existing contract and make any changes as agreed to by customer and Qwest.

(N) | (N)

General Description

Q.biz is a service line consisting of switched outbound, switched inbound and card services. The services have flat rates which are based on term and minimum usage commitments. Q.biz is intended for the small business segment billing a total of \$50 to \$2,500 in telecommunications services monthly. This service works well with both single locations and multiple location businesses.

Billing/Rounding

Intrastate rates are quoted in full minutes. Call rounding is thirty (30) second initial and one (1) second incremental. Call duration is calculated on a per call basis rounding up to the full increment. Call rating is on a bulk basis (all call duration totaled and then rated). Total is rounded to the nearest full cent.

Rates

The per minute usage rates are as follows:

	Monthly	Term	Monthly*	Term*
MAXIMUM	\$0.242	\$0.230	\$0.242*	\$0.230*
EFFECTIVE	\$0.100	\$0.095	\$0.095*	\$0.090*

WorldCard

The WorldCard is billed in initial thirty (30) seconds and in one (1) second additional increments. The WorldCard rates are as follows:

	MAXIMUM	EFFECTIVE
All time periods	\$0.60	\$0.30
Surcharge, per call	\$1.00	\$0.00

Terms and Agreements

Q.biz is available in month to month, twelve (12) and twenty-four (24) month term plans. There is a minimum monthly usage commitment of \$25 for customers receiving service under both the monthly and term plans. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. This short fall charge will be applied beginning with the customer's first full month's invoice.

* These rates are applicable to all new customers who sign up for Q.biz after November 6, 2000.

Issue Date: November 23, 2007 Effective Date: November 30, 2007

61. Q.biz (Continued)

Renewals

Upon expiration of the initial term and subsequent renewal term(s), the Customer's Agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original Agreement.

Early Termination Charges

- 1. Qwest will allow a customer to terminate its term Agreement prior to its expiration date provided the Customer is converting to another Qwest product with equal or greater term and volume commitment levels.
- 2. If a Customer terminates their service without cause prior to the expiration date of their term Agreement, the Customer will be billed and required to pay the minimum monthly usage charge for the remainder of the term Agreement.

Legislative, Regulatory or Judicial Activity

Notwithstanding any statement to the contrary contained in this Tariff, in the event that any regulatory agency, legislative body or court of competent jurisdiction promulgates regulations or modifies existing ones including, without limitation, regulations regarding payphone compensation, access charges and/or universal service ("Regulatory Activity"), Qwest reserves the right, at any time and without notice to: (i) pass through to the Customer all, or a portion of, any charges or surcharges directly or indirectly related to such Regulatory Activity; or, (ii) modify the rates, including any rate guarantees, and/or terms and conditions contained in this Tariff to reflect the impact of such Regulatory Activity.

63. METRO OPTICAL ETHERNET

(T)

A. Description

(N)

Metro Optical Ethernet (MOE) Service is a flexible, easy-to-use, transport service that uses established Ethernet transport technology. MOE allows customers to connect multiple enterprise locations within a service area using native Ethernet protocol. MOE supports transmission speeds as low as 5 Mbps and up to 1 Gbps.

B. Rate Elements

1. MOE Port

MOE Port is an Ethernet port that is the physical entry point to the shared Metro Optical Ethernet Network. Ethernet Virtual Circuits (EVCs) originate and terminate on a MOE Port. Customers may choose to connect to a 10/100 or 1,000 Mbps port on the Company network. A nonrecurring charge applies per MOE Port.

C. Bandwidth Profile

- 1. The Bandwidth Profile is bandwidth provisioned over the MOE Port and a monthly rate is assessed per Bandwidth Profile. Customers may subscribe to one of the following:
 - 10/100 Mbps Ports: 5 Mbps, 10 Mbps, 20 Mbps, 30 Mbps, 40 Mbps, 50 Mbps, 60 Mbps, 70 Mbps, 80 Mbps, 90 Mbps and 100 Mbps
 - 1,000 Mbps Ports: 100 Mbps, 150 Mbps, 200 Mbps, 300 Mbps, 400 Mbps, 500 Mbps, 600 Mbps, 700 Mbps, 800 Mbps, 900 Mbps and 1,000 Mbps

D. Rates and Charges

Rates and Charges for MOE will be developed on an Individual Case Basis (ICB) arrangement in response to a bona fide request for service from a customer or prospective customer. ICB rates will be offered to customers in writing and will be made available to similarly situated customers.

69. WorldCard Plus Calling Card

General Description

WorldCard Plus Calling Card is designed for residential services. WorldCard Plus allows customers to make domestic and international calls away from home anywhere in the United States.

To initiate a WorldCard Plus call, the customer dials a toll free 800 number. The voice response unit ("VRU") then instructs the customer to input the authorization code, which is the customer's billed to number plus four-digits. After the proper verification of the authorization code, the VRU guides the customer through the available options.

70. <u>Transactional Toll Free</u>

(T)

General Description

(N)

Transactional Toll-Free Service is a toll-free number (e.g., 800, 888) service. Calls may originate from anywhere in the contiguous or mainland United States or Canada and terminate to the customer's location at no charge to the calling party. Transactional Toll Free Service is intended for customers with larger call volumes and the inbound calls are routed over dedicated facilities.

Terms and Conditions

- 1. This service is provisioned in conjunction with the interstate Transactional Toll Free Service. Intrastate calling is an add-on to interstate Transactional Toll Free Service that includes additional rates and charges. The service is available where billing and technical capability exists. All other terms, conditions, and customer eligibility under this plan are specified in the Company's Rates and Services Schedule Interstate No. 3.
- 2. Rates are quoted in full minutes. For intrastate calls, initial rate period is one (1) second, additional periods are 1 second intervals. A per call charge applies for each completed call. Bulk rounding applies to intrastate minutes.
- 3. If the percentage of customer's calls that do not complete (out of attempted calls) meets or exceeds the Non-completed Call Percentage Threshold for any given week, the Company may: upon 30 days notice, disconnect any and all circuit(s) providing service on which the Non-Completed Call Percentage Threshold was exceeded.

71. Qwest Conferencing Service

(T)

General Description

Qwest Conferencing Service enables customers to conduct telephone conferences with multiple parties in multiple locations. All calls are timed and billed in one minute increments. A variety of options are available. All rates and charges are the responsibility of the entity which scheduled the conference.

(T)

- 1. <u>Direct Dial Meet Me Service</u>: This arrangement permits all conference participants to dial into the Carrier's bridge location at a designated time. A conference operator will connect each caller with the other conferencees. Each caller is responsible for his/her long distance or local charges for access to the conference center.
- 2. <u>Toll-Free Meet Me Service:</u> This conferencing arrangement allows all conference participants to dial a toll-free number into the Carrier's bridge location. The conference operator will then connect the caller with the other conferencees.
- 3. <u>Operator Dial-Out Service:</u> Under this arrangement, the Customer provides the name and telephone number for all conference participants and designates a time for the conference to take place. At the designated time, a conference operator will call each conferences and establish the conference. The customer which scheduled the call is responsible for all conference fees.
- 4. <u>Automated Conference Service</u>: Automated conference service eliminates the need for a "live" operator to administer a conference call. Under this arrangement, each conferencee dials into the conference center and is connected with the other conferencees through a series of prompts. After the conferencee inputs the information requested and, in some instances, a pass code, he/she is interconnected with the other conference participants.

72. <u>Enhanced 800/888 Features</u> (Continued)

General Description

Enhanced 800/888 Features may be selected as enhancements to various Qwest 800 Services:

The following enhancements are available:

- a. <u>Time of Day Routing</u>: Customer can accept incoming calls on alternate numbers based on time-of-day.
- b. <u>Day of Week Routing</u>: Customer can accept incoming calls on alternate numbers based on day of week.
- c. <u>Holiday Routing</u>: Customer can accept incoming calls on alternate numbers based on holiday.
- d. <u>Direct Terminal Overflow</u>: Customer can forward incoming calls to predesignated local number if busy; (DAL customers only).
- e. <u>Tailored Call Coverage</u>: Customer can block predefined areas from 800 origination. Calls may be blocked by area code, area code/exchange, LATA, state, or 10 digit ANI.
- f. <u>Dialed Number Identification</u>: Customer can identify dialed number; (DAL customers only).
- g. **Percent Allocation Routing:** Routes calls placed on an 800 number up to 8 different terminating locations based on whole number percentages that add up to 100%.
- h. Alternate Call Routing: Customer can Activate Alternate Routing Plan.
- i. **Real Time ANI:** Allows dedicated access customers to receive the ANI of the calling party if the call originates from an equal access end office.
- j. Project Account Codes: Allows the customer to track usage of its 800 number back to specified user codes and/or to limit use of its 800 number to only those dialing authorized codes. Requires that additional digits be dialed after the regular 10-digit 800 number is dialed. Two types are available: verified and non-verified. With both types of codes, calls cannot be completed without entry of the specified codes. In addition, with verified codes, calls are not completed until codes are verified for accuracy. As an option, Call Detail can be sorted by either verified or non-verified codes.

All material on this page is new.

72. <u>Enhanced 800/888 Features</u> (Continued)

General Description (Continued)

- k. Geographical Routing: Allows the customer to arrange for calls to a single 800 service telephone number placed from different groups of originating locations to terminate to different locations. Originating locations may be identified using the NPA or by NPA/NXX.
- 1. **<u>800 Directory Publication:</u>** Allows customers to publish their 800 number(s) in AT&T's 800 directory.
- m. Menu Routing: Plays prerecorded messages in a menu like fashion referring callers to other numbers, explaining service conditions, or other information that a Customer desires to provide to their callers. The call may either terminate after the message announcement, or proceed to a set of interactive voice responses that give additional menu options. These menu options may terminate to a final destination or prompts can be linked to another set of menu options. Qwest supports two types of Menu Routing:
 - 1. <u>Basic Menu Routing Plans</u>: Basic Menu Routing will allow one voice announcement message to be followed by a menu of options. Customers may select up to four (4) menu options. These menu options will terminate to a ring-to number based on the menu option selected using the keypad on the telephone.
 - 2. <u>Advanced Menu Routing Plans</u>: Any plan that does not meet the Basic Menu Routing requirements as described above, will be considered an Advanced Menu Routing Plan. The limitations for Advanced Menu Routing are as follows: (1) no more than nine (9) Menu Options per set or grouping; and, (2) no more than four (4) menu levels.

All material on this page is new.

72. <u>Enhanced 800/888 Features</u> <u>General Description</u> (Cont'd)

n. Quota Call Allocation - "Round Robin": Distributes incoming calls to terminating Addresses (TA's) or other feature(s) to a fixed number of calls per a designated unit of time (minutes or hours). A Customer will be able to distribute calls to several TA's based on the number of calls per unit of time. The unit of time versus the amount of calls can be adjusted based on what the user specifies, e.g., the number of calls per unit of measure.

75. Campus Talk Dedicated Service

General Description

Campus Talk is a student billing service which will be marketed to various types of educational institutions; training facilities and/or housing entities that want to provide a long distance service to their residents and employees. Campus Talk provides long distance service to all types of students (current and previous) that are 18 years or older. This service requires dedicated access to either the school's or training center's PBX or Centrex Site and will require the use of authorization codes.

Campus Talk Options provides the educational institution; training facility; and/or housing entity with the ability to select the end-user rate based on what is most appropriate for their particular environment.

Credit Limit

There will be a \$75 credit limit (no deposit based on possible credit check). Once the student exceeds \$75 they are prohibited from making additional 1+ calls until their balance is less than \$75. Students will be notified that they have exceeded their credit limit via an automated recording on their phone.

Billing

Billing will be done in initial thirty (30) seconds and additional one (1) second increments.

84. Qwest 1-800-860-6000 Calling Service

General Description

Qwest 1-800-860-6000 Calling Service offers residential customers enhanced features and functions for use when traveling. Customers access the network by dialing a toll-free access number and an authorization code. To initiate a Calling Card call, the customer dials a toll free 800 number (1-800-860-6000). The voice response unit ("VRU") then instructs the customer to input the authorization code, which is the customer's billed to number plus four digits. After the proper verification of the authorization code, the VRU guides the customer through the available options. Two pricing options are available.

Terms and Conditions

This Calling Service is only available to customers subscribing to local service from a carrier other than Qwest Corporation.

Two alternate billing options are available. Option 1 allows the customer to use the 1-800 number to place alternately billed calls at a special rate that is not sensitive to distance, time of day, or day of week. Option 2 allows the customer to use the 1-800 number to place alternately billed calls at special rates that are not sensitive to distance, time of day, or day of week. Option 2 differs from Option 1 in that the customer elects to pay a monthly rate, in lieu of paying a surcharge per call.

Allows the customer to use the 1-800 number to place mechanized calling card calls to access directory assistance (1-NPA-555-1212). Rates for directory assistance are specified in the Operator Services section of this Tariff. (T)

The Payphone Surcharge applies to all calls placed from pay telephones. This charge is in addition to all other applicable 1-800-860-6000 Calling Service charges. The payphone surcharge rate is specified in the Operator Services section of this Tariff. (T)

Operator assisted charges apply and are in addition to the rates below. Operator assisted charges are specified in the Operator Services section of this Tariff.

89. METRO PRIVATE LINE SERVICE

(T)

A. Description

(N)

Qwest Metro Private Line Service (QMPL) provides dedicated, point-to-point, private line connections between two customer locations, over a shared, high capacity fiber-optic network. The locations can be single-customer buildings, multi-tenant units or carrier POPs. The service is available only to end user business customers.

QMPL Service is provided as follows:

1. On-Net to On-Net is an arrangement where both ends of the service originate in buildings using facilities that are provisioned by the Company. This service is provided at speeds of 1.544 Mbps (DS1), 44.736 Mbps (DS3), 155.52 Mbps (OC3), 622.08 Mbps (OC12) and 2.488 Gbps (OC48).

Concatenated OC3C, OC12C and OC48C are also offered. Concatenated services are not multiplexed or channelized. The entire bandwidth of the service is available to the customer for maximum transmission throughput.

2. On-Net to Off-Net is an arrangement where service is provisioned using a combination of On-Net facilities provided by the Company, and facilities that are owned and operated by a third party provider, which is considered Off-Net. The Company will order Off-Net facilities on the customer's behalf. This arrangement is provided for DS1 through OC12 only.

B. Terms and Conditions

Availability

- QMPL Service can only be provided where suitable facilities are available.
- Where suitable facilities are unavailable for provisioning of the service, but the Company agrees to provide service, special construction of the facilities may be necessary and Special Construction charges may apply.
- OC48 is not provided on an Off-Net basis.

Issue Date: February 5, 2007 Effective Date: February 15, 2007

89. METRO PRIVATE LINE SERVICE (Cont'd)

(T)

C. Rate Elements

(N)

1. Mileage

Mileage provides for the transmission facilities between two customer POTs. Mileage is comprised of a fixed rate element and a per mile rate element. Mileage is measured by airline miles between the customer's Points of Termination (POT), using the V & H Coordinates method.

2. Multiplexing

Multiplexing provides the ability to convert a higher speed channel to several lower speed channels, or to combine several lower speed channels into a single higher speed channel. Multiplexing is offered to On-Net to On-Net customers only. The multiplexing hierarchy, is as follows:

- DS3 channelizes to 28 DS1s
- OC3 channelizes to 3 DS3s
- OC12 channelizes to 4 OC3s
- OC48 channelizes to 4 OC12s

There are two types of multiplexing:

- Customer premises multiplexing, where the signal will be dropped to a lower bandwidth to different areas of a building, or
- Vendor multiplexing, that occurs in the carrier POT and gives the vendor different speed signals.

3. Node

The Node provides for the communication path between a customer's designated premises and the POT to the Qwest network. A Node element applies per service, e.g. DS1 or DS3 terminated at the customer's premises.

D. Rates and Charges

Rates and Charges for QMPL will be developed on an Individual Case Basis (ICB) arrangement in response to a bona fide request for service from a customer or prospective customer. ICB rates will be offered to customers in writing and will be made available to similarly situated customers.

(N)

Issue Date: February 5, 2007 Effective Date: February 15, 2007

90. QNC 056 Product

QNC 056 Product is a dial-up access service available to residential users. This product is provided, marketed, and billed by the Company under the trade name of QNC. Calls placed using this service are rated pursuant to the following schedule. An initial three-minute minimum period is billed for each call. Additional minutes or fractions thereof, beyond the initial period, are billed in a one-minute increment. A \$0.25 per call charge is also applicable. The appropriate directory assistance charges will apply.

94. Q.Government Network ServicesTM

General Service Description

Q.Government Network ServicesTM (GNS-2000) is Qwest's core service for Federal, State, and Local government customers.

GNS-2000 offers two options.

- Option 1 provides peak and off-peak rates. Option 1 has been grandfathered and moved to the Obsolete Service Offerings And Rates section, following.
- Option 2, Qwest Loyal Advantage (QLA), provides one rate period, a flat per minute rate.

Q.Government Network ServicesTM is also governed by the Terms and Conditions contained in Qwest's Rates and Services Schedule Interstate No. 5.

A. Qwest Loyal Advantage (QLA) Overview

The following is a list of current QLA services:

- Switched Outbound Long Distance
- Switched Inbound Long Distance
- Dedicated Outbound Long Distance
- Dedicated Inbound Long Distance
- Toll Free Features
- WorldCard
- Directory Assistance
- Virtual Network Service (VNS)

(N)

QLA is available via three options identified on the invoice as switched long distance, dedicated long distance, and WorldCard (travel card access).

These services include the following rate and billing structures to ensure ease of management, network reliability and cost stability:

- Guaranteed Rates
- Flat Rates
- 18-Second/6-Second Billing Increment for Domestic Calling
- WorldCard Rate With or Without Calling Card Surcharge

There are four different terms available for the QLA (month-to-month, one-year, two-year and three-year terms).

Issue Date: July 15, 2005 Effective Date: August 15, 2005

94. <u>Q.Government Network ServicesTM</u> <u>General Service Description (Cont'd)</u>

B. Rate Periods

1. Domestic

One flat rate per minute.

2. Rounding

All QLA services will be rounded to the nearest whole cent.

3. Billable Minutes of Use/Rates

Rates are quoted in full minute increments. Each call is subjected to an initial 18-second increment, after which usage is rounded up in subsequent 6-second increments. The total amount of the call is rounded to the nearest cent with a \$0.01 (one cent) minimum charge when the call duration is 18 seconds or less, or the total amount of the customer's calls are rounded to the nearest cent.

(C)

C. Standard Features

- 1. Switched Outbound and Inbound Long Distance
- 2. Dedicated Outbound and Inbound Long Distance
- 3. Enhanced Toll Free Features

For application of rates and charges, refer to Qwest's Interstate Rates and Services Schedule No. 3.

4. WorldCard

The WorldCard allows business customers to make domestic and international calls away from home anywhere in the United States. To initiate a WorldCard call, the customer dials a 10-digit card number + PIN. The voice response unit (VRU) guides the customer through the available options.

A. <u>General Description</u>

Qwest Total Advantage

Qwest Total Advantage is a suite of business communications services offering flat rates based on term and minimum usage commitments. Qwest Total Advantage is designed for new businesses with monthly revenue between \$1000.00 to \$75,000.00 or annual revenue between \$12,000.00 to \$900,000.00 of Contributory and Discounted Services. It is available on a month-to-month basis, one-year, two-year, or three-year term commitment. The terms have commitment levels as set forth below.

This service is provided in conjunction with the Interstate Qwest Total Advantage.

This service is available to new subscribers as of the effective date of this filing.

Long Distance and Toll Free Qwest® EZ Rate

(N)

The Long Distance and Toll Free Qwest EZ Rate service is available to business customers to complete direct dialed voice domestic calls for a monthly fee. EZ Rate allows for the purchase of Long Distance and Toll Free usage for a flat monthly recurring rate. It is made available by selecting the minutes of use block that best meets the customer needs.

(N)

B. Definitions

Annual Period

The twelve-month period commencing on the first day of the term and on each successive anniversary thereof.

Annual Revenue

The aggregate amount, prior to application of any discounts, charged by Qwest in an Annual Period.

Issue Date: April 4, 2008 Effective Date: April 15, 2008

102. <u>Qwest Total Advantage</u>

B. Definitions (Cont'd)

Contributory Services

(M)

Those services that contribute towards the overall commitment but are not discountable according to the master discount schedule (ie. Qwest Total Advantage). By contributing towards the overall commitment level, these services will increase the discount level that is applied to the Discount Eligible category of services under the contract. These services will continue to receive discounts as designated in individual service contracts. Contribution levels will be based on Monthly Recurring Charges (MRCs) for these services.

(M)

Customer Provided Access

End User Connectivity from the customer premises (business address only) to the Qwest Point of Presence Serving Wire Center (QPOP SWC). May not be applicable if the End User provides direct connectivity all the way to Qwest's POP.

DS0

Digital Service, Level 0. Measured at 64,000 bps, it is the worldwide standard for digitizing one voice conversation using pulse code modulation (PCM).

DS1

Digital Service, Level 1. Consists of 24 DS0 channels and has a capacity of 1.544 Mbps. Also called T-1.

DS3

Digital Service, Level 3. Equivalent of 28 DS1 channels and operation at 44.736 Mbps. Also called T-3.

Dedicated Access Arrangement

An arrangement whereby the facilities used between the Customer's premises and the Carrier point of presence are directly linked. Such arrangements may involve interconnection facilities provided by the Customer, another carrier, or a local access provider.

Digital Service (DS)

Hierarchy of digital signal speeds used to classify capacity of lines and trunks.

Issue Date: April 4, 2008 Effective Date: April 15, 2008

102. <u>Qwest Total Advantage</u>

B. <u>Definitions</u> (Cont'd)

Discount Eligible Services

(M)

Discount Eligible Services contribute toward the overall commitment level (ie. Qwest Total Advantage). Discount eligible products that bill on the same billing system can aggregate towards predetermined discount levels, meaning the more spent on this common group of products, the higher the customer's discount will be. Contribution levels will be based on monthly recurring charges (MRCs), counted towards the contract commitment levels and receive term and volume discounts where applicable.

(M)

<u>Kbps</u>

Kilobits per second.

Mbps

Megabits per second.

Monthly Revenue

The aggregate amount, prior to the application of any discounts, charged by Qwest in a monthly period.

New Customer

Any person or entity that has not utilized any Qwest service in the prior twelve-month period.

Optical Carrier – Level N (OC-N)

The optical interface designed to work with the STS-n signaling rate in a Synchronous Optical Network (SONET). OC1 is a 51.840 Mbps signal. All higher levels are direct multiples of OC1.

Private Line Servies

Private Line Service is an interLATA high-speed digital communications service using a physical fiber optic connection between two intrastate interLATA locations. Private Line Services are dedicated, non-switchable connections that can provide a constant and committed availability of capacity for a single customer on a transmission path only between fixed, customer-specified locations. Private Line transmission speed range from 64 kbps to 512 kbps, DS1, DS3, OC3, OC12, and OC48 speeds. OC3, OC12, and OC48 speeds are offered on an individual case basis.

Private Line circuits are priced at a fixed recurring charge based on line speed and the V&H miles between two Company POPs. The POPs are determined by locating the nearest available Company POP to the customer or end-user locations as determined by the NPA/NXX of the locations.

Issue Date: April 4, 2008 Effective Date: April 15, 2008

102. <u>Qwest Total Advantage</u>

C. Terms and Conditions

In addition to the terms and conditions following, services are also governed by the terms and conditions contained in the Qwest Rates and Services Schedule Interstate No. 3.

1. <u>Billing and Rounding</u>

Rates are quoted in full minute increments. Each call is subjected to an initial 18-second increment, after which usage is rounded up in subsequent 6-second increments. The total amount of the call is rounded to the nearest cent with a \$0.01 (one cent) minimum charge when the call duration is 18 seconds or less, or the total amount of the customer's calls are rounded to the nearest cent.

Customers can choose an option where each call is subjected to an initial 15-second increment, after which usage is rounded up in subsequent 6-second increments. The total amount of the call is rounded to the nearest cent with a \$0.01 (one cent) minimum charge when the call duration is 15 seconds or less, or the total amount of the customer's calls are rounded to the nearest cent. This option is available on an ICB basis only.

6. Early Termination Charges

- a. Customers who terminate their monthly term commitment prior to the completion of the initial term and do not provide written notification to Qwest, will be billed and required to pay termination charges calculated using the following method:
 - Taking the number of full months remaining in the current Annual Period in which the customer terminates the agreement, multiplied by the Monthly Usage Minimum, plus,
 - 35% of the Monthly Usage Minimum, multiplied by the number of months, if any, remaining in the then-effective term, (other than the number of months referenced in the preceding paragraph), plus,
 - Any applicable third-party early termination or related charges or penalties incurred by Qwest as a result of the customer's early termination.
- b. Customers who terminate their annual term commitment prior to the completion of the initial term and do not provide written notification to the Company, will be billed and required to pay termination charges calculated using the following method:
 - Taking the Minimum Annual Commitment less the actual Annual Revenue generated during the Annual Period in which the Customer terminates the enrollment, plus,
 - 35% of the Annual Minimum Commitment, multiplied by the number of Annual Periods remaining in the then-effective term, (other than the Annual Period referred to in the section immediately preceding) if any, plus,
 - Any applicable third-party early termination or related charges or penalties incurred by the Company as a result of the customer's early termination.

103. Q.Integrity

Q.Integrity will no longer be available to new customers as of November 30, 2007. Current Q.Integrity customers can continue to receive services under their existing contract and make any changes as agreed to by customer and Qwest.

Effective January 17, 2014, CenturyLink's QCC Frame Relay and ATM Services will no longer accept new orders from existing customers (except to the extent permitted by contract).

- Customers with a contract that expires prior to December 15, 2014 may retain their QCC Frame Relay or ATM Services covered by that contract on a month-to-month basis until December 15, 2014.
- Customers with a contract that expires after December 15, 2014 may retain their QCC Frame Relay or ATM Services covered by that contract until the expiration of that contract.

A. General Description

- 1. Q.Integrity™ is a suite of business communication services for large multi-location companies billing \$50,000.00 or more per month. Products available under Q.Integrity include Switched and Dedicated Voice Services, Enhanced Toll-Free (8XX) Services, Calling Card and Directory Assistance Services.
- 2. Q.Integrity offers integrated pricing with cross discounting based on aggregate revenue of contributing services, billing and reporting capabilities.

B. Toll-Free Service

- 1. A monthly recurring charge applies to each toll-free number reserved for or supplied to a Q.Integrity customer depending on the term commitment selected.
- 2. Enhanced Toll-Free Features may be selected as enhancements to Qwest's toll-free services. Enhanced Toll-Free Features are available individually or in any combination for both existing and new customers.

C. <u>Terms and Conditions</u>

1. Billing and Rounding

Rates are quoted in full minutes. Calling rounding is in initial 18-second and additional 6-second increments. All minutes of use will be rounded up to the next increment, however, calls are subject to a 30-second minimum average time requirement.

2. Pricing Arrangements

a. Q.Integrity offers two different pricing arrangements, Options D and E. The customer may select either of these options, however, shortfall penalties apply if the customer does not meet the product's minimum revenue commitments. The term of a Q.Integrity Option D or E agreement begins on the first day of the billing cycle following the date of the customer's signature.

b. Option D

Option D requires customers to sign a term commitment of one, two, or three years and meet a minimum volume of \$50,000.00 per month in contributing services.

c. Option E

Requires customers to sign a term commitment of one, two, or three years and select an Annual Usage Minimum commitment that must be met during each Annual Period. Customers must select one of the five Option E annual usage minimums set forth in the following table:

Annual Usage Minimum Tiers

(Option E Only)

- a. \$1,200,000.00
- b. \$1,800,000.00
- c. \$2,400,000.00

General Service Description

A. Overview

Q.Government Network ServicesTM (GNS 2000) is Qwest's core service for Federal, State, and Local government customers. The following is a list of the current GNS-2000 services, which may be amended as need or required:

- Switched and Dedicated Access
- Outbound Long Distance
- Inbound Toll Free
- WorldCard
- Directory Assistance

These services include the following features to insure ease of management, network reliability and cost stability:

- Guaranteed Rates
- Simple Rate Structure (Peak and Off-Peak)
- 6-Second/1-Second Billing Increment for Domestic Calling
- WorldCard Flat Rate No Surcharge

There are three term options available for the GNS-2000 product, one, two and three-year agreements.

B. Rate Periods

Rate Periods for all GNS-2000 services are defined as peak and off-peak. GNS-2000 800 rate periods will be based on the point of call origination.

1. Domestic

Peak: 8:00 a.m. to 4:59 p.m. (Monday through Friday)

Off-Peak: All other times (including holidays, evenings and weekends)

4. Q.Government Network ServicesTM (Option 1 and Option 2) General Service Description (Cont'd)

(C)

2. Holidays

Off-peak rates will be available on the following Qwest observed holidays; New Year's Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

3. Rounding

All GNS-2000 services will be natural rounded. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

4. Billable Minutes of Use/Rates

All minutes of use will be rounded up to the next increment. Should the tariffed rates decrease or the tariffed discounts increase during the term of the agreement, these rates and/or discounts will be passed on to the subscriber. However, the subscriber's rates will not be raised nor will the discounts be lowered beyond the rates and discounts set forth in the tariff at the time that the agreement is executed.

C. Standard Features

1. 1+ (Outbound)

- a. 101XXXX access is available
- b. 700 access where allowed
- c. Operator Assistance
- d. Directory Assistance

2. 800 (Inbound)

Allows domestic and international toll free calling originating worldwide and terminating domestically.

3. Card

- a. Direct Dial
- b. Domestic to International Direct Dial From time to time, Qwest may block calling to specific countries to reduce the exposure to fraud.
- c. Conference Calling

4. Q.Government Network ServicesTM (Option 1 and Option 2) General Service Description (Cont'd)

(C)

- D. Optional Features
 - 1. 1+ (Outbound)
 - a. Account Codes
 - b. Omit Call Detail
 - 2. Toll Free (Inbound)
 - a. Direct Termination Overflow

For the Dedicated Access Line (DAL) and T-1 sites, if all lines in a DAL/T1 service group are busy, overflow calls are sent to another 800/888 trunk group, WATS Access Line (WAL), DAL or any business line or trunk group.

b. <u>Dialed Number Identification System (DNIS)</u>

Identifies which of the multiple 800/888 numbers are coming on the same DAL/T-1 lines. Subscribers must have the proper equipment to receive ID information. The DNIS digits can be delivered via inband signaling or out of band (ISDN Primary Rate) signaling.

c. Real Time Automatic Number Identification (ANI)

Allows a dedicated access customer to receive the ANI of the calling party if the call originates from an equal access end office. This feature is provided via inband signaling however, delivery via ISDN primary interface is available on a case by case basis.

d. Alternate Call Routing

A service that offers the subscriber the ability to prearrange an alternate Call Routing Plan. Upon Qwest's approval of the alternate plan, the Company will keep the plan on file to be executed at the subscriber's request.

4. Q.Government Network ServicesTM (Option 1 and Option 2)

General Service Description

(C)

- D. Optional Features
 - 2. Toll Free (Inbound) (Cont'd)
 - e. Two-way DALs

Outbound and 800/888 calls on the same lines (DAL & T-1) that can be used in conjunction with call overflow.

f. <u>Time of Day Routing</u>

Sends calls placed to a single 800/888 number to different receiving locations at different times of the day. The time of day can be changed on the half-hour. Qwest can combine time of day routing with day of week routing on a single 800/888 number

g. <u>Tailored Call Coverage</u>

Blocks calls at the customers request by LATAs, NPAs, NPA/NXX, 10 digit ANIs or States.

h. Day of Week Routing

Calls placed to a single 800/888 number can be routed to different receiving sites based on the day of the week. Special routing is also available for 17 holidays.

i. Percentage Allocation Routing

800/888 calls may be routed to up to eight different terminating locations based on whole number percentages that add up to 100 percent.

j. <u>Extended Call Coverage</u>

The default for Qwest origination is the domestic United States. Subscribers may also order extended call coverage options. Two options are available:

- (1) Allows calls to originate from Alaska and Hawaii.
- (2) Allows calls to originate from Puerto Rico and the U.S. Virgin Islands.

4. Q.Government Network ServicesTM (Option 1 and Option 2)

General Service Description

(C)

- D. Optional Features
 - 2. Toll Free (Inbound) (Cont'd)

k. Project Account Codes

Verified Codes offer secure access to a toll-free number by requiring callers to enter a specific 2 to 11-digit code to complete the call. The codes are defined by the subscriber and must be of the same length for any given toll-free number. If the code entered is not valid the call will be blocked.

Non-Verified Codes requires the input of any non-specific 2 to 11-digit code to complete the call. The subscriber defines the length of the codes. The codes of any given toll-free number must be of the same length.

1. Geographic Routing

Geographic Routing cannot be used in conjunction with any other optional feature. This feature allows a subscriber to create two or more originating routing areas and direct each area to a different terminating location with a single 800/888 number. Subscribers may define the originating areas by NPA or by NPA/NXX.

For example, a business with five business locations in five area codes may terminate calls originating in each NPA to the business location in that NPA. Calls are immediately connected to the office in the area without the caller redialing or being transferred.

m. Customized Announcement (VRU)

Announcements may be customized to meet the subscriber's requirements.

n. Customized Application

Qwest offers custom programming and database design and management to support subscriber application.

Basic Product Description

Q.Government Network ServicesTM Toll Service (1+Outbound) is available via three access options; switched access, dedicated access, and WorldCard (travel card access). Q.Government Network Services 800 (Inbound) is available via switched and dedicated access options.

A. Access Options

1. Switched

Q.Government Network Services may be provisioned via Feature Group D (FGD) for switched services from the subscriber's premise through the Local Exchange Carrier's central office to the Qwest network. All long distance calls originating from, or terminating to, the Q.Government Network Services switched access locations are automatically switched to the Qwest Network. Q. Government Network Services outbound and 800 may be provisioned on the same FGD line.

2. Dedicated

Q.Government Network Services may also be provisioned via dedicated (hardware) lines from the subscriber's premise through the local central office to the Qwest network. Dedicated access to Q.Government Network Services may be provisioned by T-3, T-1, or DAL accesses.

3. <u>Travel Card</u>

Q.Government Network Services also offers Worldcard access by dialing a toll free number provided to the subscriber by Qwest.

7. **QWEST LONG DISTANCE ADVANTAGE**

(T)(M)

- A. General Description
- 1. Qwest Long Distance Advantage is an offering of business communication services consisting of switched outbound, switched inbound and card services. The services have flat rates that are based on term and minimum usage commitments. Qwest Long Distance Advantage is intended for the small business segment billing a total of \$500.00 to \$2,500.00 in telecommunications services monthly. This service works well with both single locations and multiple location businesses. The customer automatically receives the worldcard with this offering.
- 2. Inbound Toll Free services permit customer to receive domestic inbound calls. Customers may elect to utilize a dedicated access arrangement or switched access terminations to interconnect with a Toll Free service.
- B. Terms and Conditions
- 1. This plan is provided in conjunction with interstate Qwest Long Distance Advantage.
- 2. Qwest Long Distance Advantage is available in month-to-month and 12-month term plans. There is a minimum monthly usage commitment of \$10.00 for customers receiving service under both the monthly and term plans. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. This shortfall charge will be applied beginning with the customer's first full month's invoice.
- 3. Upon expiration of the initial term and subsequent renewal term(s), the customer's agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original agreement.

2. <u>Competitive Discount Program</u>

A. <u>Description</u>

The Competitive Discount Program is an offering for potential new business customers and to existing business customers to induce the acquisition or continuation of intrastate long-distance voice and data services by such customers. The program is available to these customers under a term agreement.

B. Terms and Conditions

- 1. This program may be offered in situations where the Company believes the customer has or could receive an offer from another telecommunications service provider. The Company may require the Customer to demonstrate to the Company's reasonable satisfaction that the Customer intends to accept the offer or remain subscribed to the other telecommunications service provider.
- 2. The recipients of this Discount Program and the amount of the incentive offer will be at the sole discretion of the Company.
- 3. The Company will determine the particular details, including but not limited to: periods and duration, class of customers, services and amounts. The Company may approve or prohibit use of this Competitive Discount Program in conjunction with another offer being marketed by the Company and/or a Company affiliate at the Company's discretion.
- 4. This Competitive Discount Program is provisioned in conjunction with the interstate Competitive Discount Program under which Qwest provides interstate long-distance voice and data services. All other terms and conditions, including any applicable discounts offered through the Qwest Rates and Services Schedule (RSS), and customer eligibility under this offer are specified in the Qwest RSS.
- 5. Offers may differ for customers who identify different competitive offer(s) available to them.
- 6. The terms of this Competitive Discount Program may be made available to similarly situated customers on a nondiscriminatory basis.
- 7. The Company reserves the right to discontinue this offer.

(N)

2. <u>Competitive Discount Program</u> (Cont'd)

C. Rates and Charges

- 1. The Company may offer a discount off the customer's monthly recurring intrastate long-distance voice and data service charges with a term agreement.
- 2. The Company may waive all or a portion of non recurring intrastate long-distance voice and data service charges with a term agreement.
- 3. This discount will be applied against intrastate long distance voice and data services and is applicable for the entire term of the customer's agreement unless otherwise specified.
- 4. Customers receiving the benefits of this offer may also receive benefits of other promotional offerings offered by the Company and/or a Company affiliate.

<u>OPERATOR SERVICES</u> (N)

1. General

- . This section sets forth the rates and charges applicable to the Company's Operator Assisted Service offerings. The total charge for each completed operator assisted call consists of the following charge elements:
- a. A one-time fixed operator service charge added to the first minute of each operator service call, which will be dependent on the type of billing selected (i.e., Calling Card, Third Party), and/or the completion restriction selected (i.e., Person-to-Person);
- b. A usage charge dependent on the duration, distance, and time of day of the call. The usage charge element is specified as duration, with a minimum charge for each call of one minute, and with fractional minutes of use thereafter counted as full minutes;
- c. Other additional surcharges as provided herein (i.e., payphone surcharge, non-subscriber surcharge, location surcharge or other).

OPERATOR SERVICES Definitions Of Terms (Cont'd)

Operator Assisted Calls

Calls requiring assistance for completion, usually by dialing 0+ (area code) + (exchange) + (line number); or by dialing "00", with all subsequent dialing being performed by Operator Services (0--). The following are examples of calls normally placed in this manner:

• Calling Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose. At the caller's option, and depending upon the services available at a particular location, calling card calls may entail intervention of an attended operator position (i.e., a "live" operator) or may be made on an "automated" basis. The latter are termed "Customer Dialed Calling Card Calls" for purposes of this Tariff.

• Collect Calls

Calls for which charges are billed not to the originating telephone number, but to the destination or termination telephone number.

(D) | (D)

• Person-to-Person Calls

Calls which are placed under the stipulation that the caller will speak only to a specific called party.

• Station-to-Station Calls

Calls for which charges are billed to the originating telephone number.

• Third Party Calls

Calls for which charges are billed, not to the originating telephone number, but to a third party telephone number which is neither the originating nor the terminating telephone number.

Operator Services

The operators, activities, equipment or services necessary to process Operator Assisted Calls.

<u>OPERATOR SERVICES</u> . Definitions Of Terms (Cont'd)

Operator Surcharge

A non-usage (fixed) charge, which is added to a usage charge in calculating the total tariffed charges due for a completed Operator Assisted Call.

Service Area

The Qwest Service Area includes the entire State of South Carolina.

Service Offering

The operator assisted services of Qwest consist of the provision of collect, approved telephone company calling card, billed to a third number (third party) and Person-to-Person call services provided to users pursuant to arrangements established by Qwest's subscribers.

(T)

Time Increments

Rates are applied in whole unit increments of 60 seconds.

Time of Day

Rates are as follows:

Day	8 AM - 5 PM[1]	Monday through Friday
Evening	5 PM – 11 PM[1]	Sunday through Friday
Night/Weekend	11 PM - 8 AM[1]	Sunday through Friday,
		and all day Saturday
	8 AM - 5 PM[1]	Sunday

Usage Charge

A charge assessed on a per minute basis in calculating a portion of the charges due for a completed Operator Assisted Call.

User

The calling party utilizing the services of the Company, and having responsibility for the payment of charges, unless that responsibility has been accepted by others, such as in the case of Collect and Bill to Third Party calls.

[1] To, but not including, the times shown.

(N)

3. Terms and Conditions

- a. Responsibilities of the User
- (1) The user is responsible for payment of the charges set forth in this Tariff unless the responsibility for such payment has been accepted by the called party or a third party.
- (2) The user is responsible for compliance with the applicable regulations set forth in this Tariff.
- (3) The user is responsible for establishing its identity as often as necessary during the course of a call.
- (4) The user is responsible for identifying the station, party, or person with whom communications is desired and/or made at the called number.

b. Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. Qwest uses the rate centers and associated vertical and horizontal coordinates that are produced by Telcordia in their NPA-NXX V & H Coordinates Tape and NECA Tariff F.C.C. No. 4.

Formula =
$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

4. Call Types

a. Collect, Calling Card, and Charge Third Party Calls

Charges for calls of this type will be included on the user's or called or third party's regular home or business telephone bill pursuant to billing and collection agreements established by Qwest for its intermediary with the applicable telephone company.

(D) | (D)

(T)

- b. Billing of Calls
- (1) Billing for calls placed over the Qwest network is based in part on the duration of the call. Timing of each call begins as specified below, and ends when the called party hangs up. Billing is in one-minute increments, and no customer will be billed for an uncompleted call.
 - (a) <u>Collect Calls</u> Timing begins when the called party accepts the responsibility for payment.
 - (b) <u>Person-to-Person Calls (other than Collect)</u> Timing begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.
 - (c) <u>All Other Calls</u> Timing begins when the switch determines the call has been answered by utilizing standard industry methods generally in use for ascertaining answer, and if a call exceeds 18 seconds in duration.

OPERATOR SERVICES (Cont'd)

5. Miscellaneous Operator Services Charges

a. Non-Subscriber Surcharge (NSS)

A Non-Subscriber Surcharge is applicable to intrastate Operator Station (Collect, Billed to Third Party, Station-to-Station, and Person-to-Person) calls billed to telephone lines which are presubscribed to an interexchange carrier other than the Company. This charge is in addition to the usage rates applicable to such calls and is also in addition to any applicable service charges for Operator Station calls as specified in the Tariff unless otherwise indicated.

The Non-Subscriber Surcharge does not apply to: calls billed to calling cards, conference calls, calls to directory assistance, calls originating from Inmate/Correctional facilities, calls billed to telephone lines which have discontinued presubscription to the Company but for whom an active billing record still exists in the Company's billing system, or to collect calls accessing the Company's network via 800 access methods.

The Company will credit any Non-Subscriber Surcharges reported by newly-presubscribed Company customers during the period between presubscription and administrative processing of the new customer. The Company will also credit any Non-Subscriber Surcharges reported by customers during a F.C.C. reportable incident of service outage by another interexchange carrier. To receive either of these credits, customers must contact the Company through an 800 number designated for billing inquiries. The credit will be issued in the form of a bill credit to be processed electronically through the customer's local exchange company.

The Non-Subscriber Surcharge applies in all Local Exchange areas where billing is available.
